Drug Usage by Bottle ID Report

How to track dispensing records of inventoried bottles.

Contact Species360 Support

This Report is found under Start > Medical > Medical Reports > Pharmacy Reports or under the Medical Reports tab above the Medical dashboard > Pharmacy Reports. With this Report you can produce a printable and exportable Report using the following filters:

1. By a specific bottle ID.
2. By Status of Opened, Unopened and Finished or all Statuses.
3. By Formulation or Active Ingredient of the drug. The lookup can help you find these.
4. This will find notes recorded in the Usage Note section of the Usage History grid

The following is a Report for Opened bottles of Buprenex. Each bottle has its own page.

Report Date
09/23/2020

Bottle Usage Report
