
ZIMS for Studbook Feature Comparison

[Contact Species360 Support](#)

Comparisons of features available in ZIMS for Studbooks versus legacy software PopLink/SPARKS. The document linked below will open in a web browser, this will show a series of rows that describe specific studbook functionalities.

The columns show:

- PopLink/SPARKS Functionality (currently available in ZIMS)
- New Studbook Functionality in ZIMS (not available in PopLink or SPARKS)
- SPARKS/PopLink Functionality (that is not yet available in ZIMS)
