

## **Data Sharing: Key to Animal Husbandry and Conservation Success!**

### **External Sharing**

You want to disposition one of your Blue-tongued Skinks (*Tiliqua gigas*) and Roger Williams Park Zoo is very interested in acquiring it. They would like to review your records on it first before they make a decision. You select to share this record with them. Normally, in a global view of a record much of the information is not displayed and Notes are filtered by specific Types. The screen background of a global record (a record created by another institution) is blue. When you choose to share a record all Notes are displayed as well as other information such as Feed Logs, Training Information, Permits and Management Plan. For the other institution the screen background of a shared record is white. However, if you created that record, your screen will remain pink.

The record will continue to be shared until the sharing is removed by the Holding Institution.

External Sharing of an animal record is also valuable for animals you have in on loan. If you share the record with the owning institution they are always up-to-date with what is happening with their animal. This does not replace the yearly updates usually requested on loan animals.

### **Sharing is Caring**

Thank you to all the ISIS member institutions that have contributed to our global database, making shared information possible.

**Information made easy.**

## External Sharing

Records that are being shared will display in the External Sharing grid in My Institution. Here we have shared our skink. In addition you can share entire taxonomies and we have shared all of our giraffe records with the Toledo Zoo.

| External Sharing |   |                 |              |                 |
|------------------|---|-----------------|--------------|-----------------|
| Institution      | Animal  | Taxonomy        | Created Date | Created By      |
| PROVIDNCE        | 6259174 [Tiliqua gigas/New Guinea blue-tongued skink] |                 | Jun 13, 2014 | Adrienne Miller |
| TOLEDO           |   | Giraffa/Giraffe | Jun 13, 2014 | Adrienne Miller |
