

Enclosures-Maintenance Search

Allows Users to find maintenance performed on enclosures.

[Contact SPECIES360 Support](#)

The screenshot shows the Species360 web application interface. On the left is a grid of icons for various functions: ISIS Post Office, Species Holding, Pending Transac..., Animals, Collection Trips, Taxonomy Search, Institution Search, Enclosure, Life Support, My Calendar, Application Rel..., Data Migration ..., Important Expla..., My Institution, Institution Pre..., Note Retrieval, and ISIS Acknowledged... A red arrow points from the 'Enclosure' icon to the 'Maintenance Search' section of the main window. The main window has a search bar at the top with a magnifying glass icon and a '+ Add New' button. Below the search bar are tabs for 'Enclosure Search' and 'Maintenance Search'. The 'Maintenance Search' tab is active. Below the tabs are seven numbered dropdown menus: 1. Status, 2. Type, 3. Action Type, 4. Person, 5. Start Date, 6. End Date, and 7. Work Order Number. At the bottom of the search section are 'Reset' and 'Search' buttons. Below the search section is a list of other search options: Enclosure Alert Search, Actual Physical Merge Search, Cleanup Error Search, Measurement Template Search, and Note / Observation Search.

Enclosure icon>Maintenance Search

1. Status - If the maintenance is Cancelled, Completed or In Progress
2. Type - Aquatic or Terrestrial
3. Action Type - What kind of maintenance is involved
4. Person - Responsible Party if assigned
5. Start Date - When the maintenance began

It is the mission of Species360 to facilitate international collaboration in the collection and sharing of information on animals and their environments for zoos, aquariums and related organizations.

www.Species360.org – Global Information Serving Conservation

-
- 6. End Date - When the maintenance was completed
 - 7. Work Order Number - Number assigned to the maintenance

Revised 10 August 2017

**** Species360 Organizational name change added on 07/18/2016***
