

Occupants Tab “Report”

How to use the Enclosure Occupants tab to create a report for current and historical Occupants of the enclosure.

Contact support@Species360.org

The Occupants tab in an Enclosure record will display the current occupants of the enclosure. Below we see the animals currently occupying the Chicken/Ducks Enclosure:

Preferred ID	Common Name	Scientific Name	Sex Type	Status	Move In Date	Move Out Date	Enclosure
[B15022/GREENVISC]	Domestic chicken (breed unspecified)	Gallus gallus domestic	Female	Alive	Aug 04, 2015		Chickens/ Ducks
[B15021/GREENVISC]	Domestic chicken (breed unspecified)	Gallus gallus domestic	Female	Alive	Aug 04, 2015		Chickens/ Ducks
[B15019/GREENVISC]	Domestic chicken (breed unspecified)	Gallus gallus domestic	Female	Alive	Aug 04, 2015		Chickens/ Ducks
[B15020/GREENVISC]	Domestic chicken (breed unspecified)	Gallus gallus domestic	Female	Alive	Aug 04, 2015		Chickens/ Ducks
[B18001/GREENVISC]	Sebright bantam chicken	Gallus gallus domestic bantam sebright	Male	Alive	May 08, 2018		Chickens/ Ducks
[B18004/GREENVISC]	Orpington chicken (buff)	Gallus gallus domestic orpington buff	Female	Alive	May 08, 2018		Chickens/ Ducks
[B18005/GREENVISC]	Ameraucana chicken	Gallus gallus domestic ameraucana	Female	Alive	May 08, 2018		Chickens/ Ducks
[B18006/GREENVISC]	Brahma chicken (light)	Gallus gallus domestic brahma light	Female	Alive	May 08, 2018		Chickens/ Ducks

Like all results grids, your columns can be customized so you see only the data types that you desire. See [Column Customization](#) for help with customizing your columns.

To find historical Occupants, expand the search grid by using the double arrows to the right above the results grid.

IMPORTANT NOTE: If you are looking for animals held in the enclosure during a specified date range, regardless of when they were moved in or moved out, use one of the following Reports:

- Enclosure Occupants Summary – displays species counts with Beginning count, Ins and Outs and Ending count. See [Enclosure Occupants Summary Report](#)
- Enclosure Report – displays specific animals held in the Enclosure at some time during the specified date range. See [Enclosure Report](#)

It is the mission of Species360 to facilitate international collaboration in the collection and sharing of information on animals and their environments for zoos, aquariums and related organizations.

1. You can search by a specific animal. If the animal no longer occupies the enclosure you will need to check the Show Historical Records checkbox (4). If the animal is dead or lost to follow up, make sure you check that box (5).
2. You can limit your search to a taxonomy. Again, make sure (4) and (5) are checked if appropriate.
3. If no dates are entered it will display the entire Occupant history of the Enclosure. If desired, you can limit to a Date In Range, Date Out Range or both. Again, make sure (4) and (5) are checked if appropriate.
4. Check the Show Historical Records box to find animals no longer in the enclosure.
5. By default it will display only living animals but you can include dead or lost to follow up animals by checking this box.
6. If you want to find Occupants in sub-enclosures check this box.

For our search displayed below, we selected to Show Historical Records and Include dead and lost to follow up so we see the entire history of the Occupants of Chickens/Ducks Enclosure. To make this into a “Report”, export the results grid to Excel or pdf.

Preferred ID	Common Name	Scientific Name	Sex Type	Status	Move In Date	Move Out Date	Enclosure
[XFA011/GREENVISC]	Polish chicken (white-crested black)	Gallus gallus domestic polish white_cr...	Female	Dead	Aug 09, 2006	Nov 29, 2017	Chickens/ Ducks

[B15023/GREENVISC]	Domestic chicken (breed unspecified)	Gallus gallus domestic	Female	Dead	Aug 04, 2015	Sep 03, 2016	Chickens/ Ducks
[B15022/GREENVISC]	Domestic chicken (breed unspecified)	Gallus gallus domestic	Female	Alive	Aug 04, 2015		Chickens/ Ducks
[B15019/GREENVISC]	Domestic chicken (breed unspecified)	Gallus gallus domestic	Female	Alive	Aug 04, 2015		Chickens/ Ducks
[B15020/GREENVISC]	Domestic chicken (breed unspecified)	Gallus gallus domestic	Female	Alive	Aug 04, 2015		Chickens/ Ducks
[B18003/GREENVISC]	Sebright bantam chicken	Gallus gallus domestic bantam sebright	Female	Dead	May 08, 2018	Jun 22, 2018	Chickens/ Ducks
[B18001/GREENVISC]	Sebright bantam chicken	Gallus gallus domestic bantam sebright	Male	Alive	May 08, 2018		Chickens/ Ducks

You can go up levels in the Enclosure Tree to run an Occupants search. Open the desired Parent Enclosure and make sure to check the Include Sub Enclosure checkbox. Below, we ran an Occupants search for current Occupants of all the enclosures covered under the Farm Yard Parent Enclosure sorted by Enclosure Ascending order.

It is the mission of Species360 to facilitate international collaboration in the collection and sharing of information on animals and their environments for zoos, aquariums and related organizations.
