
Enrolling For Species360 Online Courses on ConservationTraining.org

[Contact Species360 Support](#)

Species360 online courses are hosted by The Nature Conservancy on their ConservationTraining.org Learning Management System.

To access ZIMS courses, you will:

1. First request access by clicking on “Enroll Now” to complete a short enrollment survey: <https://training.species360.org/ZIMS/>
2. After you have received your enrollment key via email from Species360 Training, you will register for a Conservation Training (CT) account on The Nature Conservancy’s course hosting site here: conservationtraining.org
3. After you have completed your CT account set-up, with the enrollment key provided via email, [enroll in the Species360 Course here](#).
